recovered from the attack.  
The Annex of Pearl street, formerly

cess of redecoration both to the exterior

ing Co.

Says the Vergennes Enterprise: "The  
girl graduates of Spaulding high school  
in Barre are warmly commended  
by the state papers for the stand they  
have taken on the graduating dress  
matter. They are going to cut out ex-  
pensive stuffs and wear gowns made of  
19-cent poplin with a simple tie. And if  
for graduation, why not for other oc-  
casions? When is lovely woman more  
adorable than when robed in a plain  
white clinging gown with a rose in her  
hair?"  
Goddard seminary and the Italian Ath-  
letic club will clash for the second time

the Co. F. tomorrow night.  
C. W. Odell of the Plainfield road has  
returned home from Fair Haven, where  
he has been spending several days with  
his daughter, Miss Alice Odell.  
The condition of George Pitthe, who  
suffered the fracture of his right hip  
when he sustained a fall at Barclay  
Bros' plant yesterday, was reported to  
be comfortable today.

Henry Tupper, who is employed in a  
bank in Montreal, P. Q., is spending  
several days with his father, George H.  
Tupper, of Keith avenue, and with his  
sister, Mrs. L. Hathaway, in Montpelier.  
Cards have been received in this city  
telling of the safe arrival in Los An-  
geles, Cal., of Mr. and Mrs. William  
Ewen and daughters, Mary and Mina,  
formerly of Glenwood avenue, who left  
recently for California to take up their  
residence.

Earl Williams of this city, who gradu-  
ated from Spaulding high school, is  
holding down a position on the fresh-  
man baseball team at Dartmouth col-  
lege. Williams played right field yester-  
day in the Dartmouth freshman-Til-  
ton seminary game.

Frank R. Jamieson of Liberty street  
has returned home from Montreal, P. Q.,  
where he has been spending several  
days. Mr. Jamieson is gradually recov-  
ering from his injuries to his hand which  
he sustained while employed at the Allen  
Lumber Co.'s plant a fortnight ago.

Evening drawing school students are  
requested to take home their work Tues-  
day, May 6, between 6:30 and 8:30 p. m.  
All who are interested to know just  
what is being taught at the school are  
invited to see the free exhibit, which  
will take place Friday and Saturday,  
May 2 and 3, from 2 until 5:30 and from  
6:30 until 8:30 p. m. in the Matheson  
school building, Elm street.

To-night at sundown occurs the end  
of the Jewish Passover, and local He-  
brews, who have rigidly observed the  
feast as in former years, will relax their  
devotions for the first time since the  
annual festival began at sundown a  
week ago yesterday. Many followers of  
the faith in this city have been to Bur-  
lington at different times during Pass-  
over week for the purpose of worshipping  
at a synagogue and where the services  
of a rabbi are available.

A gang of workmen started yesterday  
to dismantle the Shepherd building, so  
called, on Prospect street. It is under-  
stood that the structure, including the  
house and barn, is to be razed to the  
ground, some of the timbers to be used  
for another building and much of the  
small lumber to be utilized for firewood  
purposes. Until recently, the buildings  
were owned by the Montpelier & Wells  
River railroad and they have been moved  
from their original foundation a few  
feet to the west in order to clear the  
city's new street, which intersects Pros-  
pect street at that point. It is under-  
stood that the structure has been pur-  
chased by E. M. Tobin. Several weeks  
will elapse before the house and barn  
will have been entirely torn down.

That the earthquake which was felt in  
several places to the north of us was  
also felt in Barre is evidenced by re-  
ports which have come to The Times  
office. It was just 7:30 last evening  
when Mr. and Mrs. A. G. Lapointe of 29  
Elm street were entertained by callers,  
that the vibration was distinctly felt and  
its effects seen. The chairs in which  
they were sitting rocked, the floor vi-  
brated under their feet and the pictures  
jagged on the walls. Somewhat startled  
by the sensation, Mrs. Lapointe at once  
went downstairs to the street, but the  
quake was over almost as soon as it  
came. Rather mystified by the occur-  
rence, though it seemed like an earth-  
quake, Mr. and Mrs. Lapointe were posi-  
tive as to its source when they heard  
this forenoon of the same condition as  
near as Burlington.

Harry Coveleskie, who gained great  
fame a few years ago while pitching for  
the Athletics when he killed the chances  
of the Giants winning the National  
league pennant by winning three games  
in a week, was badly injured at Cin-  
tinnoga last night while practicing, a  
bat slipped from the hands of a fellow  
player, striking Coveleskie on the head,  
rendering him unconscious.
